

MWDL Members Committee Co-Chair Nominations:

We are seeking nominations for the position of Co-chair for the MWDL Members Committee (this includes work happening in the Hubs network and the MWDL extended network). The MWDL Members Committee works to achieve common goals across the MWDL member network. This committee, previously known as the MWDL Digitization Committee, has been collaborating with the MWDL members and community for over a decade and has many important and impressive projects and initiatives to boast! The MWDL community through its collaborative nature has made a significant impact in the domain of digital libraries and has worked together (with its members) to conduct research and make substantial contributions in areas of copyright, geospatial metadata coverage, digitization best practices, system migrations, digital exhibits, metadata application profiles, and many other educational and service-oriented community endeavors and engagements.

This is a unique opportunity to help shape the workings of the member network and provide a positive model for future work. Nominees will have a chance to:

- Plan, facilitate, and set the agenda for the Annual MWDL Summer Conference and the Virtual Winter Meeting for the 2020 calendar year (specifically from April 2020 through May 2021), in collaboration with the MWDL team and with input from the MWDL network as a whole
- Coordinate the efforts of the MWDL network to achieve common goals
- Work with the MWDL network to provide oversight of working groups and subcommittees
- May be asked to participate in providing quarterly reports to the MWDL Governing Body (if the Governing Body meetings fall under the duration of the term served)

The Co-chair should have experience with the MWDL network, be interested in taking on the role, in serving the needs of the network as a whole, and be willing and able to do the work involved. The Co-chair must be a member of the MWDL Hubs network. The position of Co-chair will require a one-year commitment.

Thank you,

Kinza Masood, kinza,masood@mwdl.org
